

# HINXTON news

April 2021 Issue 447

Dear Readers

*"I've got to admit it's getting better, a little better all the time.....it can't get no worse."*

These famous lyrics from **The Beatles** are quite relevant today. We are so conditioned to the disciplines surrounding Covid19, that every precious relaxation feels like a bonus.

The worst part is that it continues to be the main topic of conversation. Now that I am working in Ickleton, I thought the dialogue would be different. **NOT SO.** To my surprise, I discovered that the people living there are remarkably similar to us in lots of ways.

Our first legitimate gathering will be on **Easter Sunday** at the church. **COME ON VILLAGE.** Even if you are not a regular church goer, lets all make the effort to attend and give thanks we have avoided the worst of the pandemic.

The **Hinxton Garden Centre** will start taking shape after Easter and stocks of all the favourites (plus some new ideas) are springing up nicely. This was incredibly successful last year thanks to your generosity.

## THE FOLLOWING RULE WILL APPLY FROM 29 MARCH:

Outdoor gatherings of up to six people, or two households, will be allowed - including in private gardens.

The **National Garden Scheme** will showcase six of our village gardens on May 30th (p.11 for details). By then we will know if the **Fete** can proceed on June 26th. (p.7)

Almost certainly we can look forward to the excellent **Garden Evening** in July (p 12). Details of how to prebook will follow in next Hinxton News.

In June, the **Hinxton News** will revert to a four page printed newsletter. This will include Parish Council and Church messages, a monthly Diary and a Future Events Diary. An extended version of HN, including articles and advertising, will be available on the HPC website. The **Hinxton Life** magazine will continue to be printed quarterly and also online.

*Looking forward to seeing you on Sunday.*

Mike

Hinxton News is an independent village newspaper established and run by volunteers. Our mission is to inform residents of local issues and to maintain and promote community spirit.

Please join us to celebrate

# Easter Sunday

in Hinxton Church

at 10.00 am on 4<sup>th</sup> April

*The past year has been a story of life and death. The Easter story is too, but for the Church on Easter Sunday we celebrate the ongoing life and hope which Jesus brings*

Please wear a face covering.

Seating will be socially distanced.

# The Church of England

---

## Diocese of Ely

Dear Friends,

This time last year we were deep in the first lockdown. Before it, we couldn't possibly have imagined how much was about to change or how quickly. All through last spring's glorious sunshine, clear blue skies, and birdsong there was a sense of the surreal and the unknown; a year on, we're hopeful and thankful for the roll-out of the vaccine, but grieving for what we took for granted – as well as for the so many who have died and continue to suffer – and homesick for the other country that was the 'Before Time'. That past was another country, and didn't we do things differently there before we knew about 'social distancing' and took our face coverings and hand-sanitizer wherever we went?

So, what about the life of Hinxton church over the last year?

'Normal' Sunday services stopped in early March 2020, and since then most of our regular Sunday worship has been on Zoom. When we haven't been in lockdown, there has been a regular service of Compline (night prayer) on a Thursday evening and the church has been open during the week for private prayer.

We observed Remembrance in a distanced way, and held small-scale services for Christmas in Hinxton, and joined with our friends from Duxford and Ickleton for Harvest and All Souls' Day.

A team of volunteers from the parishes is offering virtual assemblies each week for Duxford School.

We have continued to support families to say farewell to loved ones through funeral ministry.

We're looking forward to some weddings and christening across the parishes, and to being able to do some social and community activities and events again.

We are pleased to be doing all of these things, and it is our great privilege to be your parish church, and to be here to pray for you. God's love is free, and you are all and always welcome.

But.... the ministry and upkeep costs of a parish church are not free. Like many other organisations, 2020 was a challenging year for us financially, and the renewed lockdown

has made things hard-

er. We haven't been able to

do our regular fundraising and we have missed out on being able to take collections in services. We are hugely grateful to those who support the church financially and practically, whether on a regular or occasional basis. We know too that these are difficult times for many families and households, and we are sensitive to that. If you would like to support the life and ministry of your parish church, through giving a one-off financial contribution or more regularly, please do contact either of the churchwardens (Andrew Walker and Margaret Malcolm) or the PCC treasurer, Ros Smith. Thank you for your support and we look forward (we hope!) to being able to gather properly again soon.

Last year we were not able to celebrate Easter in church, but nature seemed to do it for us – with blossom like I've never seen, and extraordinary birdsong. The ancient Christian church of Ethiopia holds that the dawn chorus each day is nature celebrating Christ's resurrection. Creation joins in praise because the Easter message is of all things made new, of recreation, and hope. The Easter message is that suffering and death do not have the last word; that good triumphs, love wins, and all is made new. We are on – we hope and pray – a continued path out of lockdown, and we can look forward with hope to the promise of new beginnings, recreated patterns of life, and renewed love and friendship. There is much to notice, much to look forward to, and much that remains outside our control.

This Easter, we expect and hope to be in church on Easter morning, at 10am. You are welcome to join us as we celebrate that Christ is risen, and love has won.

Stay safe and well, and have a joyful Eastertide,

Hannah

*The Revd Dr Hannah Cleugh is Senior Chaplain to the Bishop of Ely and is providing pastoral support for the parishes of Duxford, Ickleton and Hinxton during the ongoing vacancy before Lydia is licensed. You can contact Hannah on [hannah.cleugh@elydiocese.org](mailto:hannah.cleugh@elydiocese.org).*

## A Good News Story

For nearly 20 months the parishes of Hinxton, Ickleton and Duxford have been without a Parish Priest and so the spiritual ministry, the arranging of services and the multitude of other things that the priest would normally do have been taken care of by church wardens and PCCs, along with help and support from Julie Baillie and our Associate priest Rev Phil Sharkey who already has a busy job as a hospital chaplain at Addenbrookes. Then in the last 6 months the Bishop generously 'lent' us his Chaplain, Rev Hannah Cleugh from Fordham. Hannah has been a tremendous support during the time that she has been with us. Happily during March we have been able to hold interviews and last Sunday (21 st March) the announcement was made that **Rev Lydia Smith** from the Chelmsford Diocese has been appointed as Priest-in-Charge of our three villages. We are thrilled! No longer being in a position to afford a full-time priest

Lydia's appointment is officially called House-for-Duty – which is exactly what it says 'on the tin': Lydia and her family have the vicarage as their home and we have Lydia's services as a priest. However, this is a part-time appointment and Lydia will be working 2.5 days per week plus Sundays.

These reduced hours will be a big change for all of us and we will need to take careful note of Lydia's working days so she doesn't get disturbed when she is not officially 'on duty'. However, as you will see Below we are advertising for an Administrator who we hope will relieve Lydia from the run-of-the-mill admin work and enable her to focus on her more 'priestly' role. Those of us who have met Lydia have no doubt that she will want to enter into village life and be a great asset to our churches and to the wider community.

Lydia's licensing service will be on Thursday 15 th July and we hope it will be held in our church here in Hinxton.

### Parish Administrator Hinkledux

An opportunity has arisen for an administrator to work alongside the priest for the three parishes of Ickleton, Hinxton and Duxford, collectively known as Hinkledux.

As well as working alongside the vicar the administrator will work closely with the ministry team for the three parishes. The administrator will provide clerical support and will be involved with the coordination and implementation of office procedures, various duties to support the running of the parishes and communication/engagement with the wider community.

The role is very varied but most of the work involves both written and oral communication, word processing and record keeping, so the ability to multitask and prioritise the workload is key.

The position is part-time and you will be required to work approximately five hours per week.

Salary: £12-14 per hour depending on experience.

Full details of the job description and application form may be obtained from : [margaretj.malcolm@gmail.com](mailto:margaretj.malcolm@gmail.com)

Completed applications to: [margaretj.malcolm@gmail.com](mailto:margaretj.malcolm@gmail.com) by Friday April 16th

Interviews will be held on Friday April 23rd

It is hoped that the successful candidate can start in May 2021

NB: An Enhanced DBS Disclosure will be required for the successful applicant.

Completion of the basic safeguarding courses will be an early requirement

# Hinxton Gardens

A group of six village gardens of varying sizes including cottage gardens, with traditional planting, a garden belonging to a 15th century Manor House with planting appropriate to the era. Millers Cottage, next to the old water mill, with narrow riverside garden and planting appropriate to its position, a barn conversion garden with tropical dry planting, and a family garden with lawns, shrubs and perennials.

Sunday 30th May 2pm– 5pm **PRE-BOOKING AVAILABLE**

For this open day you can pre-book your tickets in advance, but it is not essential.

#### **Refreshments:**

Home made teas in Hinxton Village Hall. In aid of Friends of Hinxton Church

#### **Admission:**

Adult: £5

Children Free

#### **Gardens open on this day as part of this group**

For group openings, you only pay one admission price and get entry to all the gardens on that day

go to:-

## **ANN HOWSDEN CHARITY NOTICE OF AFFORDABLE BUNGALOW AVAILABLE FOR RENT**

In the coming weeks, one of the Ann Howsden Charity bungalows on Duxford Road, Hinxton will become available to let.

As a charity property, the trustees are duty bound to maintain the bungalow and keep rent at an affordable level, in line with South Cambridgeshire District Council.

The bungalow has two bedrooms, a kitchen, a bathroom and a good-sized living room. It also benefits from gardens to the front and rear, a small garden shed and dedicated off road parking for one vehicle.

Although the property naturally lends itself to those of pensionable age, trustees are willing to consider all applications taking into account:

- Association with Hinxton - whether resident or former resident, having family/dependents living in the village/surrounding parishes or living away from but employed in the Parish of Hinxton or adjacent parishes
- Financial circumstances
- Physical health and age - perhaps mobility problems make it difficult to get around existing home
- Welfare – perhaps living in unsuitable or unsafe accommodation, relying upon support of friends or family in the area

If of interest, please submit an application, in writing, by no later than **Friday 30<sup>th</sup> April 2021** via email to [annhowsdencharity@outlook.com](mailto:annhowsdencharity@outlook.com) or by post to The Ann Howsden Secretary, 5 North End Road, Hinxton, CB10 1RE. All applications will be considered in strict confidence.

# Anthony Browne MP

Keeping in touch with South Cambridgeshire

Anthony Browne, MP for South Cambridgeshire, has welcomed the announcement of a policy paper outlining the OxCam Arc Spatial Planning Framework, an ambitious plan to unleash the economic and cultural potential of the Oxford-Cambridge Arc

The [Oxford to Cambridge \(OxCam\) Arc](#) is the name given to a cross-government initiative that supports planning for the future made up of the five counties of Oxfordshire, Bedfordshire, Buckinghamshire, Cambridgeshire and Northamptonshire, home to over 2 million jobs and provides a place to live for over 3.7 million residents. Designed to transform the Arc into one of the world's premier growth corridors and a world-leader in sustainability, the paper was announced on Thursday 18 February by Housing Minister Rt Hon Christopher Pincher.

The spatial framework will set a plan and policies with the status of national planning policy. Based on a long-term, strategic approach to planning for growth across the area, it will help to unlock the long-term potential of the area in a sustainable way, improving the Arc as a place to live and work. It will give communities a chance to shape the long-term future of their area and will help to ensure the benefits of growth are felt across the region. With the right interventions and investment, local economic forecasts suggest that by 2050 we would see economic output doubling to over £200 billion.

The Government believes the Arc's success is key to the UK's national prosperity, international competitiveness, and ability to meet the challenges and opportunities we will face as a country over the next century, including climate change and supporting nature recovery, technological change, fighting COVID-19 and preventing future pandemics.

Commenting, Anthony said: "This is really welcome news, marking the start of a long-term transformative process and allowing us a glimpse of what can be achieved by combining the economic, scientific, and educational strengths of Oxford and Cambridge.

"We have seen what can be accomplished by these two powerhouses of innovation and science in the development of Covid vaccines and genomics - the OxCam Arc can build upon this to ensure that success is shared and spread across the communities between Oxford and Cambridge.

"I also welcome the focus on working in partnership with our local communities to explore what this means for them. But it is important to note this is the start of a long-term strategy for the wider region.

"There are urgent issues that must be addressed in South Cambridgeshire. It's critical that we plan for 'i before e' - infrastructure before expansion. We need to address our paradoxical problems of water shortages in the summer and flooding in the winter. We must ensure that sustainability and environmental protections are at the heart of decision-making. The Arc offers us an opportunity to find shared solutions to all of these in the pursuit of economic growth.

"I believe it is possible to support growth across the OxCam Arc without concreting over South Cambridgeshire and filling it with houses. Adjoining areas located between Oxford and Cambridge should benefit from the goals of the Arc and share in the opportunity to grow, rather than seeing it concentrated in our area, which has already experienced very high levels of development in recent years.

"I very much look forward to working closely with our local communities and national government as we start the next phase of Cambridgeshire's extraordinary journey as an economic powerhouse."

**Annual Lecture**  
**8 pm Thursday 25 March 2021**  
 by Charles Rangeley-Wilson

Prior to the lecture members are also warmly invited to attend the **AGM of the Cam Valley Forum at 7.30 pm.**

Charles Rangeley-Wilson's work and advocacy on behalf of Chalk streams is without equal. Google him.

A well-known river environmentalist, author and Wild Trout enthusiast he has been described as 'capturing the essence of time and place in ways that open your eyes to what you are missing'.

He is now the Chairman of the National Chalk Stream Restoration Group. This will be used to drive progress by government and the regulators, water companies, land managers, NGOs and river associations - right down to the grass roots level of those passionate about their local rivers.

The Cam Valley Forum is spearheading action to protect and enhance the Cam Valley's Chalk streams. Our 'River Cam Manifesto', 'Let It Flow! Report, and sustained advocacy have brought progress locally, regionally and nationally. The outputs from the Chalk Stream Restoration Group will give further impetus to our efforts, and those of many other local groups, to guarantee a future for Chalk streams.

To register for this event please follow this link: <https://www.eventbrite.co.uk/e/cam-valley-forum-agm-annual-talk-national-chalk-stream-restoration-plan-tickets-144011509301>.

Prior to Charles' talk, the AGM will start at 7.30 pm (please log on at 7.20 pm to 7.25 pm) and run for 20 minutes or so. There will then be a short break. The talk will start promptly at 8 pm. (Please log on 7.50 pm to 7.55 pm unless you are already participating). With questions and discussion the meeting is expected to end around 9 pm.

Patrick Rangeley-Wilson

# Hinxton Foodbank Update

The other day I was walking home with a couple of carrier bags filled with goodies from the Foodbank, and was stopped by someone asking where I'd been shopping. When I explained that I'd been emptying the Foodbank box in the church, the reply from the villager was in essence that the church does a lot of good work. It made me think that perhaps some people assume that the Foodbank is for church use, when really it's there for everyone who lives in or near Hinxton to put donations in.

The church is a convenient drop off place open every day between 9am and 5pm in Summer (4pm in Winter), and whether you're Christian, Hindu, Muslim, Atheist or anything else, your donations are very welcome, and much appreciated by local families and single parents struggling to make ends meet.

Thank you for the many contributions, from the tin of peas to the jars of coffee and bumper packets of nappies, all gratefully received.

Linda Russell

*You are invited to the annual*

## *Garden Evening*

*at the*

*Oak House*

*Friday July 16th at 6.30pm*

*Advance booking only*

As the Government's cautious road-map out of lockdown continues, people's health, safety and wellbeing remain of paramount importance. While infection and death rates are decreasing, transmission of Coronavirus is still an extremely serious threat and we all have a role to play in doing our utmost to stop its spread.

This can best be done by continuing to take precautions against catching or transmitting the virus and closely [following the Government's rules](#) for each step of its COVID-19 Response Spring 2021 roadmap out of the current lockdown for England. This means continuing to abide by the guidelines for social distancing by:

- Washing your hands regularly and for at least 20 seconds; Covering your face in enclosed spaces (especially where social distancing may be difficult and where you come into contact with people you do not normally meet);
- Staying two metres apart where possible, or one metre with extra precautions in place.
- It is also essential to stick to the rules around travel and holidaying.

Our Council team [continues to provide essential services](#) and support to the residents most in need in our district. They are working in conjunction with many dedicated volunteers who have played a crucial role in helping this work and we are immensely grateful to them.

Residents who need to carry on self-isolating during this time can rest assured that all the support previously available will continue, [including financial help](#).

Our [Reopening the High Street team](#) is supporting local small to medium businesses as they reopen

and work towards recovery. This includes helping them to carry out comprehensive COVID-19 risk assessments to keep customers and their workers safe; providing signage and aiding the implementation of the two-metre rule in the workplace; and advising on cleaning, handwashing and hygiene procedures in line with current guidance.

As more Government financial packages are announced for the business sector, our Business Support Team is also there to support the recovery and help struggling firms to [access much-needed Government grants](#) to address some of the financial impact of the lockdown and to fund recovery activities. We are also offering support and grant aid to local communities to get voluntary projects and services back on track after months of lockdown.

Everyone across the district is working extremely hard to put plans into place for when affected services are able to gradually and safely welcome everyone back. Until then, please continue [follow the guidelines](#) to help protect the NHS and our families, friends and colleagues. By keeping infection rates low, we will all be able to get back to doing the things we love sooner.

To access advice and support see <https://www.scambs.gov.uk/coronavirus/>

## Granta Medical Practices Update, April 2021

As I write this (08/03/2021), we have now vaccinated 17,805 patients. All patients in **cohorts 1 to 4** should have been contacted and vaccinated by us. If you haven't, or if you have previously declined the vaccine but have now changed your mind, please call us on 0300 234 5555 (option 2) and you will be prioritised for our next clinic. If you know of anyone that falls into one of these cohorts but have not yet been vaccinated please let us know as soon as possible.

We are currently vaccinating patients in **cohorts 5 and 6**. Some of you may receive a letter inviting you to a vaccination centre, and others may receive a text or telephone call inviting you to an appointment at Granta Sawston.

NHS England are starting to contact patients that fall into **cohort 7** (over 60 years old) and **cohort 8** (over 55 years old). You will receive a letter direct from NHS England giving you further instructions about how to book your vaccination.

May we take this opportunity to remind everyone that, if you have booked a vaccine appointment but are not going to attend, please let us know as soon as possible so that we can offer your vaccine to

someone else.

We appreciate that everyone wants to know when their appointment will be, and we are working as fast as possible to get through our patient lists. Contacting us before being invited however, will not make this process move any faster. Please bear us as our team continue to work incredibly hard to deliver the vaccine into our community.

**Please remember – you will NEVER be asked for payment for the COVID-19 vaccination. Any text message, letter or telephone call requesting your bank details and/or payment should be ignored. Please pass this message on to anyone who may be more susceptible to this type of scam.**

Information about the virus and the vaccine changes rapidly. To keep completely up to date with the latest guidance please go to the Government website [www.gov.uk](http://www.gov.uk) and the NHS UK website [www.nhs.uk](http://www.nhs.uk). If you know of someone who does not have access to a computer and you do, please help them access the latest information.

As always, if you have any queries please do not hesitate to contact me direct on 01223 627743 or [sandra.east@nhs.net](mailto:sandra.east@nhs.net)

# THE HUNDRED PARISHES SOCIETY

[www.hundredparishes.org.uk](http://www.hundredparishes.org.uk)

Guilds were an early form of trade association. They became established in the Middle Ages by groups of merchants to control standards and promote their particular craft or skill in the locality in which they operated. Some acquired sufficient funds and status to erect their own premises or Guildhalls in market towns. These buildings were used for meetings and other functions by the guilds. Some were designed to allow markets or trade on the ground floor.

The Hundred Parishes has some wonderful surviving examples of guildhalls. Thaxted is probably the best known - three storeyed, timber framed and jetted, built in the 15th century. Thaxted was an important centre of cutlery manufacture and it is believed the cutlers helped to fund the building we now know as the Guildhall. Its original purpose is uncertain; it may have had broader uses as a moot hall or civic meeting place. The building later became a school and today it is used for parish council and other meetings and incorporates a small museum of Thaxted's history.

The guildhall at Linton was built in 1523 and is now a private house. It was once the home of Sir John Kendrew who was awarded the Nobel Prize for Chemistry in 1962.

Finchingfield's 15th-century guildhall stands beside the parish church. In the past it was used as almshouses and now the renovated building houses a library and excellent museum. The first floor is used in non-Covid times for courses and is available for private hire.

In Church Lane Clavering you will find a 15th-century timber-framed and plastered building. Now a private dwelling, it was built as the guildhall and later served as a workhouse and then almshouses.

Ashdon's former 15th-century guildhall, behind the church, also later served as a workhouse before becoming a private house.

April Greetings to Hinxton Villagers  
from all at The Red Lion Inn

Hurrah – the month we have been waiting for for so long!  
Pagoda Gigtent will be back up for our grand re-opening **Monday 12 April**.

We will be open, **Outside Only**,  
Wednesday evening to Sunday lunch  
until Sunday 16 May.

**Bookings only** please for food in the  
Gigtent so we can keep everyone as  
safe as possible.

Our last Click & Collect will be:

- Easter Friday 2 April evening
- Easter Sunday 4 April Lunch.

Thank you for all your support over  
lockdown – it helped keep us  
marginally sane!

From **Monday 17<sup>th</sup> May** we plan to  
resume full service, **inside and out**,  
depending on demand and rules that  
develop.

Please do sign up to our **Newsletter**  
to keep up to date with what we are  
offering each week.

Keep well and safe.

Alex, Nikol, Shane, Kris and the  
teams
